

NGPJV Priority Species - population estimates, trends, and conservation status. Updated June 2021.

NGPJV Priority Species	Population Estimate in BCR17*	% of Global Population in BCR17*	Population Trend (%/year) in BCR17 1970-2015*^	USFWS Bird of Conservation Concern 2021	Partners in Flight Continental Importance in Region+	Partners in Flight Action Code	Partners in Flight Population Trend Targets
Baird's Sparrow	290,000	9	-0.55	CON	Watch List - Yel-D	MA	increase 5-15%
Black-billed cuckoo	16,000	2	-5.22	CON	Watch List - Yel-D	IM	increase 5-15%
black-billed magpie	180,000	3	-1.48			MA	
Brewer's sparrow	690,000	3	-3.35			IM	
Burrowing owl	42,000	0	-2.10	BCR17		IM	
Chestnut-collared longspur	770,000	24	-4.06	CON	Watch List - Yel-D	MA	increase 5-15%
Ferruginous hawk	16,000	21	1.10	BCR17		MA	
Grasshopper sparrow	7,800,000	22	-2.17	BCR17	CBSD	MA	stablize at -10 to -15%
Greater sage-grouse		17	-7.52		Watch List - Yel-D	IM	increase 5-15%
Lark bunting	6,100,000	53	-2.47	BCR17	CBSD	MA	stablize at -10 to -15%
Loggerhead shrike	280,000	4	-1.54		CBSD	MA	stablize at -10 to -15%
Long-billed curlew		10	2.00			MA	
Mallard	200,000	1	-0.10				
Marbled godwit		5	6.02	CON	Watch List - Yel-D	MA	increase 5-15%
Thick-billed longspur	85,000	10	-1.04	CON	Watch List - Yel-D	MA	increase 5-15%
Mountain plover		18	insufficient data	CON	Watch List - Red	MA	increase 5-15%
Northern pintail	43,000	0	-0.79			MA	
Red-headed woodpecker	35,000	2	-1.40	CON	Watch List - Yel-D	MA	increase 5-15%
Sharp-tailed grouse	210,000	19	-0.43				
Short-eared owl	82,000	0	0.81	CON	CBSD	PR	stablize at -10 to-25%
Spotted towhee	2,300,000	5	-0.23				
Sprague's pipit	64,000	5	-1.08	CON	Watch List - Yel-D	MA	increase 5-15%%
Swainson's hawk	35,000	4	1.90				
Upland sandpiper		24	1.48				
Wild turkey		6	7.91				
Wilson's phalarope		1	2.42				

*Estimates provided in the Partners in Flight Avian Conservation Assessment Database (ACAD), version 2020. Waterfowl pop estimates provided by HAPET (2011-2015).

^Trends may differ from those reported on USGS Breeding Bird Survey website; USGS applied a smoothing factor for the ACAD.

CON = Continental concern, BCR17 = concern within BCR17

+Watch List - Red = highly vulnerable and in urgent need of special attention, Watch List - Yel - D = steep declines and major threats, CBSD = common birds in steep decline

IM = Immediate management, MA = management attention, PF = planning and responsibility
